## CCP EDUCATION AWARD SELECTION PROCESS

An annual CCP Educational Award will be given if there is a qualified applicant selected by the Award Committee. The following describes the selection process to be followed by the current CCP Board.

- 1) An Award Chairman will be designated by the current president.
- 2) The Award Chairman will serve on the selection committee. The chairman will select two more committee members. One should be an additional board member. The other will be a CCP member, but not a board member.
- 3) The board will determine the award amount by the May board meeting. The committee chairman should update the 2008 Award application and instructions if necessary.
- 4) Packets, including the application instructions and application form should be sent to Alliance-area high school guidance counselors by April 1. Information about the scholarship should be given to the Publicity Chair for release to area newspapers and the CCP newsletter.
- 5) Applications are due at CCP by March 1.
- 6) Chairman should review the scoring process with the committee members. Copies of all applications will be made for each committee member. The Committee chairman may use a numerical scoring system to determine the top candidates. Committee members should carefully examine each application and score 0-5 points by the given criteria. The category of <sup>T</sup>heatrical experience/involvement scores 1-10. Involvement at CCP should increase the score in that category.
- 7) The Committee should meet for the final review and selection. Each member should present their top-scoring 3-5 candidates. At this point, each committee member will give their evaluation and opinion on their top candidates. ***The committee will select the recipient(s) based on the final evaluation and discussion and not necessarily on the numerical score alone.***
- 8) The selection should be made by the April or May board meeting. The president and board should be informed of the recipient at this time. The recipient will be notified by May 30. The recipient's high school counselor should also be informed.
- 9) If CCP is having an awards banquet, the Educational Award recipient should be invited to attend (complimentary), along with his or her parents. Presentation of the Award should be made during the banquet.
- 10) The Chairman should pass along all information and current forms to the next chairman and explain the process.
